ABSTRACT

CREDIT RATING

D
A-F(N)

59
0-100

The definitions of credit ratings are given as follows:

Rating	Score	Risk Level	Suggestion
A	90-100	Very low	Credit can be extended in rather loose terms
B	80-89	Lower than average	Credit can be extended in normal terms
C	60-79	Average	Credit should be on close monitoring basis
D	20-59	Higher than average	Credit should be avoided as much as possible
F	<20	Very high	Transaction should be on COD basis
N		Undetermined	More information is needed in order to propose a credit rating

In assessing the credit rating of a company, we take into comprehensive consideration of 5 dimensions including subject's financial strength, company character, management competence, operation capacity and external background.

Dimension	Description
Financial Strength	Including the solvency, profitability, operation capacity, development capacity etc.; comparison between subject and the industry average financial index. Weight 10%-30% in the comprehensive analysis.
Company Character	Referring to subject's character that can be affected by the transaction records, judicial records, administrative supervision information, tax records, operation status etc. Weight 20%-25% in the comprehensive analysis.
Management Competence	Including subject's shareholder background and strength, related company background and strength, management experience etc. Weight 20%-25% in the comprehensive analysis.
Operation Capacity	Analysis on subject's current operation condition including the products, history, staff scale, intellectual property, business size etc. Weight 20%-25% in the comprehensive analysis.
External Background	Analysis on the external factors that may have effect on subject, including the industry background, location background, competitors etc. Weight 10%-15% in the comprehensive analysis.

CREDIT LIMIT

USD 60,000

When calculating base credit limit, we presuppose that Subject purchases main commodities/services equally from many suppliers. Main factors considered include Net Assets, Total Assets, Revenue, Profit, Credit Rating etc.
