**Marshall Islands Maritime & Corporate Administrators**

The Republic of the Marshall (RMI) Business Corporations Act (BCA) is modelled after the corporate laws of the United States (US) and the United Kingdom (UK) and allows for the appointment of a Managing Director and Corporate Secretary.

Under the BCA, the board of directors and corporate officers may be individuals or business entities. Additionally, there is no mandatory requirement to file the names of directors, officers or shareholders with the Registrar of Corporations or Registered Agent. However, this information may be filed or recorded voluntarily.

The International Business Corporation (IBC) is one of the most widely used business vehicles. IBCs are considered distinct legal entities and are utilized for a variety of purposes, such as holding securities and bank accounts, entering joint ventures, trust and estate planning, asset protection, public offerings for raising capital in world markets, international trade and holding vessels.

IBCs give owners the ability to maximize profitability while minimizing personal liability. In the event of a business loss or lawsuit, shareholder liability is limited to his/her direct capital investment in the corporation.
